

Summary Theme 2: Decision Support

Michael Kraus

ESRL/GSD

GSD Science Review
Nov. 3-5, 2015

- **Enhance Forecaster Decision Support Environment capability**
 - Determine when and where forecaster can best add value
- **Help NWS shift from product-focused service to interpretation**
- **Further develop impact forecast and evaluation capability**
 - Better understanding of customer decision support needs
- **Improved communication of forecast uncertainty and probability**
- **Help decision makers better utilize probabilistic information**
